

LATE ENROLLMENT FEE

Late enrollment requires a fee of \$200. Late fees will be assessed when enrollment is not completed by the posted deadline. Late fees will only be reversed due to a sudden disabling illness or accident (documentation is required) or if there is an error by the University (for example, Financial Aid adjustments, scholarship amount adjustments, etc.). Appeals for late fee reversal should be submitted to the University Registrar via the Late Enrollment Fee Appeal form (https://biola.formstack.com/forms/late_fee_reversals/). Appeals should include why a student could not meet the term's registration deadline. All appeals must be received by **10 business days** after the first day of courses for the term in question.
